Winter Issue 2022

A Letter from Our Directors

Dear Lochearn Families,

We are proud of Lochearns' rich history of providing a premium girls' summer camp experience since 1916. As second and third-generation camp directors (mother and daughter), our values and commitment to camping are deep-seated. Our camping history combined with our passion and experience is unique. We are truly privileged to have the opportunity to lead Lochearn and spend the summer with such an amazing group of campers and staff!

We have a wonderful group of returning campers and, thanks to your recommendations, we have several new campers joining our Lochearn family this summer. Our campers are hailing from 22 different states in the United States and eight different countries (United Kingdom, Switzerland, Germany, France, Canada, Mexico, China (Hong Kong), and Greece). We love having our Lochearn Lassies from all around our country and the world gather in beautiful Vermont for incredible summers on Lake Fairlee.

We can't wait to see you soon! We are counting down the days to the summer of 2023 and wish you and your family a healthy and happy holiday season.

With Lochearn Spirit,

Eliza & Ann

Scholarship Fund

As we approach our 107th summer on the shores of Lake Fairlee, we want to thank all of you who have donated to the Camp Lochearn Scholarship Fund. Camp instills confidence, kindness, and resilience as young women develop their love of nature, independence and a stronger sense of self. You are truly making a difference in the lives of many young campers who could not otherwise attend and for this we are thankful. **Click or Scan**
